Rebuilt Vehicles

Since we began selling our rebuilt vehicles 20 years ago, we've sold over 1000 cars in the Champaign/ Urbana area!

70% of our total sales are to repeat customers!

Bill Smith Auto Parts History

Bill Smith Auto Parts is a family business, opened in 1929 by my grandfather, Bill Smith. 20 years ago we saw an opportunity in the used car marketplace, and took that opportunity.

We decided to repair what we had in our inventory with minimal damage, giving us the ability to sell high quality rebuilt vehicles at a wholesale price!

My commitment to you is that we will try to *always* be as competitive as possible with our pricing, while establishing the brand we look to stand behind through our in house warranty and full disclosure guarantee.

Ask any of our satisfied customers!

Thank you for your interest.

Benefits

When buying a car with a rebuilt title, it is vital you understand the benefits of doing so.

Please read below to understand all the rewards of purchasing one of our rebuilt vehicles.

Quality

We ensure every part purchased and used in the repairs of every vehicle is Like Kind Quality (LKQ).

Every vehicle has to pass two state mandated safety inspections before a new title will be issued to the dealership. After that the vehicle must pass a thorough 100 point inspection in house before finally being released for sale to the general public. The result of all of this is a high quality, safe, rebuilt used vehicle available at a fantastic price to you with a guaranteed warranty.

Bank Approval

Prospective customers are referred to local banks that preapprove lending, and that trust us and our vehicles

Warranty

Few used car dealerships offer in house warranties for their used cars. We at Bill Smith Auto Parts are not like all the rest, we believe in our products. We offer a full coverage warranty from 3 months 3000 miles, to 12 months 12000 miles, and even up to 18 months 18000 miles, based on the year and mileage of the vehicle. We also offer the option of an extended warranty that may last up to 5 years from the vehicle's purchase date.
